**RESPONSE TO RESTRICTION REQUIREMENT**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

The Examiner in a Restriction Requirement mailed June 24, 2005 has identified 7 groups (I – VII) of claims representing separate inventions. Group I, consisting of claims 1-17, is a product, and Groups II-VII, consisting of claims 18-24, are processes.

The examiner also has stated that when a restriction is required between product and process claims, if the applicant elects claims directed to the product, and a product claim is subsequently found allowable, then withdrawn process claims that depend from or otherwise include all the limitations of the allowable product claim will be rejoined in accordance with the provisions of MPEP §821.94.

Applicant elects Group I, claims 1-17, and further elects species “palm extract” in Claim 4, without traverse. Additionally, the applicant reserves the right of rejoinder of the process claims if the product claims are found allowable.

Date: July 18, 2005

In view of Applicant's election, it is respectfully submitted that the present application is in condition for examination. Should the Examiner have any remaining concerns which might prevent the prompt examination of the application, the Examiner is respectfully invited to contact the undersigned at the telephone number appearing below.

No fees are believed due; however, please charge any additional fees, including any fees for additional extension of time, or credit overpayment to credit card information.
